

The Three Authors

The three authors together have over 100 years of experience in academic, governmental, and commercial work in areas relevant to enterprise architecture.

Beryl Bellman, PhD is Professor Emeritus of Communication at California State University Los Angeles and co-founder/ Academic Director of the FEAC(TM) Institute. Conducted teaching, research, publishing and consulting in Enterprise Architecture, Knowledge Management and Organizational Communications for over 50 years with a reputation in academe and professional consulting.

Prakash Rao (Independent Consultant) - 40 years of experience as a researcher, innovator and entrepreneur for four different companies, and a teacher/trainer for enterprise architecture with degrees in Electrical Engineering and Computer Science. Worked in Enterprise Architecture for over 25+ years. Prakash is the co-author of three books and several papers on the subject of Enterprise Architecture.

Ann Reedy, PhD in Computer Science with 40 years of experience in academia and United States Federal research and contracting community. She worked to develop the US Department of Defense Architecture Framework (DoDAF) and apply it for a wide range of US Federal agencies. Now retired, she continues to work on further developing Enterprise Architecture concepts.
