VP Finance Report

David Andersen - 06-7-3 at 08:46 PM

I have attached a PDF that has a full report including:

- (1) The 2007 Society Budget
- (2) The 2007 Society Budget by Cost Center
- (3) The report of our auditors for 205
- (4) A neat graph showing key trends over time, and finally

My very own written narrative

David,

Thanks for the excellent summary. The level of unrestricted assets raises two questions in my mind:

1. Does this create any problems as a "non-profit"?
2. Can we reduce the planned conference surplus to an average of \$0 for awhile (as discussed in my Cost Trends memo under VP Meetings)?
