Subject: Regarding India chapter of System Dynamics Society

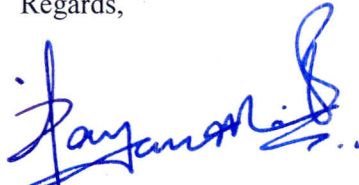

Dear Karan,

Thanks for taking up the initiative. As I have indicated in my mail earlier, the terms in the Constitution, as proposed in your mail, looks good to go; I agree with the contents. We can always modify and add clauses as the society evolves with the consensus of the group.

I have renewed the membership of the System Dynamics Society and continue to be a member through 2010.

Good luck!

Regards,

Dipayan Mitra

Dear Roberta:

I would like to indicate my support for the India Chapter of the System Dynamics Society (SDS). An Indian Chapter is much needed to help provide a local, domestic forum for academics and practitioners in the areas of system dynamics and systems thinking. I expect the creation of the India Chapter will significantly aid in the achievement of the objectives of the SDS in India.

I agree with the terms of the Constitution of the India Chapter as presently articulated, and confirm that my membership in the SDS is active. My membership number is 2323.

Thank you.

Sincerely,
