International System Dynamics Conference 2012 - Pre-proposal

Ladies and Gentlemen
Dear Colleagues

We are pleased to submit to you our Pre-proposal offer for the International System Dynamics Conference 2012.

The University of St. Gallen, which has the No. 1 business school in the German-speaking countries of Europe, would be pleased to host this conference. In 2012 the University, which was founded in 1898, will present itself with a completely fresh appearance, having undergone a 4-year renovation project, to be concluded in 2011.

St. Gallen, the metropolis of Eastern Switzerland, is very well connected with the national and international transportation systems. The major airport hub of Switzerland is Zurich. A half-hourly train service from Zurich Airport to the City of St. Gallen is provided; travel time is 55 minutes.

The University is only 5 minutes bus ride away from main station and city center. The hotels are located within walking distance (7 to 15 minutes), but shuttles to the conference site will be available. The historical center of the city with its World Cultural Heritage of UNESCO is within 15 minutes walking distance from the University.

We are attaching the Pre-proposal and a list of the hotels where provisional reservations have been made. In addition, we are referring to the local tourism website, in which more detailed information can be found:

<http://www.st.gallen-bodensee.ch/en/welcome.cfm?>

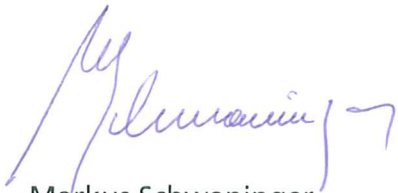

Page 2

We suggest that the staff members of the System Dynamics Society be accommodated in the brand new hotel of the Executive Campus of the University or in the Radisson Hotel, both at 7-10 minutes distance from the conference site.

Please let us know if we can be of help with any further information.

We would be honored and pleased, if our offer were accepted.

With kind regards,

Markus Schwaninger
Professor of Management
