

## **Application for Pre-College Education Special Interest Group**

For many years the Creative Learning Exchange and K-12 teachers have worked with the System Dynamics Society and its members to further the use of ST and SD in pre-college education. The Society's creation of a VP of Pre-College Education recently has reinforced this connection.

We feel it is time for this concerted effort to have a home in a Pre-College Special Interest Group. We respectfully request that we be able to form this SIG in time to gather at the Reykjavik Conference.
