# 2025 Policy Council Meeting

---

0:05 Welcome & Introduction (Asmeret)

0:05 Motions (Asmeret)

0:10 VP of Chapters & SIGs (MJ) - Plans and Goals

0:10 VP Publications (Bob) - Plans and Goals

0:15 Conference Update (Rebecca)

0:15 Referral Strategy (Asmeret)

0:30 Strategic Planning - Creating Relationships (Asmeret)

Adjournment

# President's Welcome

---

- Welcome everyone!

**Asmeret Naugle**

Sandia Laboratories

# 2025 PC Motions Summary (Asmeret)

---

## VOICE VOTE TODAY

- Minutes

## ONGOING - electronic voting ([webportal.systemdynamics.org](https://webportal.systemdynamics.org))

- Adopt the revised Dana Meadows Fund Charter

## PASSED (bold items passed in or since last meeting)

- **(1158) Motion to appoint Willem Auping to the Executive Committee (Allyson)**
- **(1157) Motion to approve a budget increase for two JWF awards (Eliot)**
- (1153) Motion to support ISDC 2025 decision-makers to change plans (Lees)
- (1152) Motion to approve the Environmental SIG name change (Asmeret)

# Motion to Approve Policy Council Minutes

*May, 2025*

*Moved by ...*

---

To approve the Policy Council Meeting Minutes May, 2025

<http://bit.ly/SDSPCNotes>

# VP Chapters and SIGs

---

**Mohammad Jalali ('MJ')**

Harvard University

- New to this role, so first priority is getting oriented; learning SIGs, connecting with their leads
- Plan to meet with SIG leads twice a year, starting with the first round at ISDC in Boston
- Identify opportunities for new SIGs based on emerging interest areas
- Assess sustainability of inactive ones
- Looking for your suggestions on what you'd like this role to focus on or how we can better support the SIGs

# VP Publications Report

---

**Bob Eberlein**

isee systems

# VP Publications Report

SDR Articles (y) 1985 - 2025

	2023	2024
Impact Factor (JIF)	1.7	2.5
5-year Impact Factor	3.2	2.8
Rank in Management	275/407	229/420
Rank in SOCIAL SCIENCES, MATHEMATICAL METHODS	25/67	17/68

# VP Publications Report

## System Dynamics Review

## 2-Year Citation Trend

# ISDC2025 Conference Update

**Rebecca Niles**

System Dynamics Society

## Projected Loss: \$130K ➤ \$70K

- New submission period (12 submissions/4 dups ends today)
- Searching for cost savings (food, posters, shifting staff to hotel)
- Reaching out to related organizations with BOGO and extended early bird offers
- Reaching out to donors for scholarship and sponsor support
- *Anything else?*

	Actual	Budget	Percent
Live	287	420	68%
Virtual	126	165	76%
Social	10	0	
STIA Day	4	0	
Sys. Prac. Forum	10	0	
			Difference
Registration (less est volunteer refunds)	\$191,765	\$289,980	-\$98,215
Sponsorship	\$39,000	\$25,000	\$14,000
Audiovisual	\$17,350	\$24,255	\$6,905
Poster Boards	\$7,000	\$14,000	\$7,000
Tax Exemption			
Staff Bookings			
Catering	\$36,982	\$60,860	\$23,878
Hotel Guarantee	-\$24,138	\$0	-\$24,138
		EST LOSS	-\$70,570

# Slower registrations, but picking up

**Monthly Conference Registrations (End of Month)**

**Note:**  
Last update  
June 25, 2025

# Significant drop in ROW live attendance

# WHAT YOU CAN DO

- Please book your hotels! **Anyone still planning to book at Hyatt?**  
<https://systemdynamics.org/conference/accommodation/>
- Consider donation to society or conference scholarships (**email coming**)
- Promote the conference:
  - Request and share a [Presentation Flyer](#)
  - Share the [Conference Booklet](#)
  - Invite your network via [email](#)
  - Check out other [promotional materials](#)
- Donate to [Scholarship Fund](#)
- Donate to [Society Annual Fund](#)
- [Sponsor Conference](#)
- **Anything else?**

# Reconsidering our Referral Strategy (President)

---

**Asmeret Naugle**

Sandia Laboratories

- Current Process
- Committee Discussion
- Proposed path forward

# Current Referral Process

- Grew out of referrals for Beer Game facilitators run by Roberta
- Society maintains a talent pool list
  - Anybody can join the talent pool through Society website
- Anybody can request a referral
- Rebecca matches based on trust network from talent pool
  - Rebecca asks talent if they're interested, then sends referrals to requester
- 10% referral fee paid by talent

Referral Requests

Referral fees bring in  
~\$1,000/year

## Concerns About Current Referral Process

---

- Is this an appropriate activity for the society?
- Fairness (level playing field)
- Quality control
- Perception of responsibility for any problems
- Appropriateness of collecting the referral fee

# Alternatives - Developed by the Society Staff

<b>Matchmaking Decision Maker</b>	Choice	Rebecca	Staff Member	Volunteer	Committee	Automated Based on Criteria	Client
<b>Talent Pool</b>	Choice	Anyone	Members Only	Sponsors Only			
<b>Quality Control</b>	Choice	None, have disclaimers	Self Identified Experience	Rebecca's Trust Network plus Self Identified Experience	Trust Network	Certification	
<b>Selection Process</b>	Choice	Client Selects, help with location filter	Screening Based on Experience, Geographic Requirements, Industry, Talent				
<b>Referral Fee</b>	Choice	None	10% for referral only	10% with \$10,000 Cap for referral only	10% for sales and administrative work	None, Joint Venture with Society, Agreed Upon Fee	None, Society Contracts and Pays Subcontractor
<b>Fee Payer</b>	Choice	None	Member Benefit	Practitioner	Client	Both Practitioner and Client	
<b>Talent List Access</b>	Choice	Anyone (Public Listing)	Members Only	Office Only			
<b>Matchmaking Rules</b>	Choice	Tiered Access (Primary Tier: Certified members, long-term contributors, or those with vetted project history. New or less-active members (offered referrals if primary tier is unavailable).)	Rotational System	All Trusted Talent that Confirms Desire for Referral is Sent to Client	None		
<b>Referral Number</b>	Choice	All Trusted Talent (No Limit)	Top Choice Only	Limit to Three Referrals	Limit to Five Referrals	All Talent	

## Committee Discussions

---

- Established a committee
- Committee considered the current process and potential alternatives, developed a recommendation
- Major considerations:
  - Helping the SD field by matching talent with prospective clients
  - Fairness (level playing field)
  - Quality control?
  - Perception of responsibility for any problems

## Recommendation

---

- Discontinue the current referral process
- The society will maintain two capabilities:
  1. Directory of consultants available for system dynamics work
  2. Mechanism for clients to post requests for work/proposals

# Recommendation

---

## 1. Directory of consultants available for system dynamics work

- Each society member can add one entry (self or company)
  - Society will remind members at sign up and annually
  - Will require regular (quarterly or annual) reviews of entries
- Requesters fill out a simple form to automatically receive link
- List can be sorted and filtered
- Website will include:
  - Disclaimer (society does not endorse)
  - Suggestions for choosing a consultant
    - e.g. check references, look at previous work...

### Proposed Information in Directory:

- Name (member)
- Organization
- Website or LinkedIn profile
- Geographic location
  - Willing to travel?
- Description of organization (with word limit)
- Services offered (checkboxes)
  - System dynamics modeling
  - Systems thinking
  - Game facilitation (Beer Game, Fishbanks, etc.)
  - Training courses in SD modeling
  - Group SD model building
  - Other (free response)
- Society sponsor? (checkbox)

# Recommendation

## 2. Mechanism for clients to post requests for work/proposals

- Similar to career link
- Available for members to access
- Society will send notifications out when something is posted

		
<b>Business Game Designer</b>	<b>Principal System Dynamics Co...</b>	<b>PhD Position</b>

# Recommendation - Considerations

---

- With recommended structure:
  - No referral fees will be collected
  - No quality control
    - Client has responsibility to do due diligence, hire the right person
  - Should improve fairness
  - Society is not endorsing anyone

## **Recommendation:**

- Discontinue the current referral process
- The society will maintain two capabilities:
  1. Directory of consultants available for system dynamics work
  2. Mechanism for clients to post requests for work/proposals

**Discussion?**

---

# Strategic Planning (President)

---

**Asmeret Naugle**

Sandia Laboratories

## Creating Relationships

- Are there groups related to System Dynamics that we want to try to pull into our community?
- This might include, for example, recruiting, creating conference threads, conference attendance, developing relationships with sister societies...

## Questions we will explore:

- Do we want to expand our focus beyond our current core?
- If we expand our focus, what would we include?

## Do we want to expand our focus beyond our current core?

# Creating Relationships

If we expand our focus, what would we include?

## Topics to Consider

- Agent Based Modeling
- Complex Systems
- Systems Thinking w/out Causal Loops
- AI and Data Science
- Systems Engineering
- Operations Research
- Cybernetics

*Which groups are missing?*

**For each,  
consider  
neutral, up or  
down vote.**

# Creating Relationships

If we expand our focus, what would we include?

if-we-expand-our-focus-what-would-we-results

Response	Net Votes	Upvotes	Downvotes	Trending Score
Organizational Behavior Space (eg AOM)	8	8	0	8
Agent Based Modeling	7	8	1	7
Medical Decision Making	6	6	0	6
Computational Social Science	6	6	0	6
AI & Data Science	6	8	2	6
Complex Systems	6	6	0	6
Simulation Model Users (e.g. IAM)	5	5	0	5
Modeling Communities	4	4	0	4
Domain Specific Application Domains (Users of Models)	4	4	0	4
Org behavior? Social systems? Government?	2	2	0	2
Systems Biology	2	3	1	2
Operations Research	2	5	3	2
We have tried a few of these ... incose.	0	0	0	0
Systems Engineering	0	3	3	0
Cybernetics	-3	0	3	-3
Systems Thinking w/Out Causal Loops	-3	1	4	-3

# Creating Relationships

What actions should we take to integrate them?

## Actions to Consider

- Conference Thread Integration
- Swap Conference Tickets or Booths
- Co-Host Hybrid Events with Aligned Orgs
- Joint Webinars and Workshops
- Create Special Interest Groups
- Cross-Publication
- Liaison or Ambassador Roles
- New VP or Committee
- Educational Bridges
- Join Membership Perks

*Which methods are we missing?*

**For each,  
consider  
neutral, up or  
down vote.**
